## LOT IS EXPOSED.

### Conspiracy Against Dr. Madriz.

#### Drunk Ally Gives Away Plans of Wife of Zelaya.

#### Wife of Deposed President Is Ordered to Leave Nicaragua.

#### Dr. Irias, Cabinet Officer, Is at Once Invited to Resign.

(BY DIRECT WIRE TO THE TIMES.)  
SAN JOSE (Costa Rica) Aug. 16.—[Exclusive Dispatch.] Quick work on the part of President Madriz of Nicaragua prevented the overthrow of his government, according to information which was received here from Managua, Nica., from an unquestionably reliable source.

Mrs. Zelaya, the wife of the deposed President of Nicaragua, organized a conspiracy to overthrow Madriz and install Dr. Irias in the Presidential chair.

Conspirators had progressed to a point where they were almost ready to spring the trap, when one of the followers of Mrs. Zelaya got drunk and gave the plot away.

Pres. Madriz took summary steps to prevent the conspiracy from being carried out, and the plotters were frustrated. Mrs. Zelaya was ordered to leave the country forthwith, and Madriz took pains to see that she was placed on board the steamer San José, bound from Corinto to Panama, with a through ticket to Europe.

Dr. Irias, who held a place in the Madriz cabinet, was invited to resign, and the lesser lights in the conspiracy were thrown into prison.

DISCOVERY GUARDED.  
Pres. Madriz guarded his discovery of the conspiracy so closely that none of the Managua newspapers have been permitted to make any reference to it. As an excuse for Irias's resignation, it was officially announced that he was forced to retire on account of ill health.

When Mrs. Zelaya left Managua for Corinto, under a government escort, to take the steamer, it was publicly announced from the Presidential palace that she had been summoned to Europe by her husband.

That is all the information the public in Nicaragua has been permitted to know.

## VENIREMEN, QUIZZED, FIRED BY PLATOONS.

### Browne Bribery Trial at Chicago Sees Most Flagrant Case of Jury Tampering in the Annals of Criminal Courts—Dozens Approached.

#### (BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 17.—[Exclusive Dispatch.] One after another the panel of the sixth special panel in the trial of Lee O'Neil Browne, led Judge Kersten today how they, or members of their family, had been approached by a "short, fleshy man and a tall, thin one," who inquired about their religion, politics and their income.

In the same order and with the same rapidity the men were excused by Judge Kersten. Thirty-six of the sixty-six veniremen who formed the sixth special panel came before the judge this morning, after he had held a conference with State's Attorney Wayman and the lawyers for the defense.

A large majority of them were excused.

Finally, the work of attempting to complete the jury was taken up, but when court adjourned at 12:30 not one juror had been added to the seven already accepted.

## MILLION AND HALF GOES UP IN SMOKE.

#### (BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 17.—[Exclusive Dispatch.] A fire in the warehouse district of Jersey City tonight caused damage estimated at \$1,000,000. Chief Croker and five engines from New York hurried across the Hudson to aid the Jersey firemen and 11:30 o'clock the fire was under control.

The fire started in the plant of Truslow & Full, manufacturers of cork products, at Washington and Morgan streets. The flaming light cork was carried by the wind and ignited the plant of the Ribet Sack Company, across the street.

## LIGHTNING IS GREASED.

### Bolt Fires Millions of Barrels of Oil in Oklahoma Cloud-burst.

#### (BY DIRECT WIRE TO THE TIMES.)

SAPULPA (Okla.) Aug. 17.—[Exclusive Dispatch.] This section was swept today by the severest electrical storm of the season. Seven oil tanks, the two largest containing 300,000 barrels of oil, within a radius of seven miles of Sapulpa, were struck by lightning and burned.

The precipitation was the severest cloudburst of the season and streams that have been dry for weeks are running full. The mercury fell forty degrees within one hour before the storm.

## START NEW PEACE PLANS.

### Gov. Harmon and Head of Columbus Commercial Body Redouble Efforts to End Strike.

#### (ASSOCIATED PRESS NIGHT REPORT.)

COLUMBUS (O.) Aug. 17.—Following the Columbus Railway and Light Company's rejection of the City Council's offer to act as an arbitration board in settling the strike of the street carmen, Gov. Harmon and Charles J. Pretzman, president of the Chamber of Commerce, tonight inaugurated new peace efforts.

Pretzman tomorrow will seek to get a formal offer from the company to reinstate its old men with an advance in pay to 25 cents an hour, and with no recognition of the union.

Robert Mitchell, aged 25, a piano salesman, died today from a fractured skull, sustained when he was hit by a brick while riding on a car last Sunday.

Militia authorities are preparing to hold troops here indefinitely.

## FIFTEEN HURT IN WRECK.

### Spreading Rails Pile Up Southern's "Florida Limited" Near Rockton, South Carolina.

#### (ASSOCIATED PRESS NIGHT REPORT.)

COLUMBIA (S. C.) Aug. 17.—Fifteen persons were hurt, none seriously, in the wreck tonight of the Southern Railway fast Washington train, No. 30, northbound, near Rockton, S. C. The cause of the accident is believed to have been spreading rails, or a break in one of the trucks of the tender.

Fifteen injured have been taken out of the wreck at Rockton. So far no dead have been found. All the cars except the sleepers were overturned. The cars overturned were the mail, express and combination cars and two passenger cars.

## SHAMEFUL.

### VENIREMEN, QUIZZED, FIRED BY PLATOONS.

#### Browne Bribery Trial at Chicago Sees Most Flagrant Case of Jury Tampering in the Annals of Criminal Courts—Dozens Approached.

#### (BY DIRECT WIRE TO THE TIMES.)

Perhaps never before has there been a scene in the criminal court similar to that of this morning when the long line of veniremen of the sixth special panel stood before Judge Kersten, awaiting their turn to tell him how they or members of their families had been approached by the stout man and his tall friend.

In almost every case the same story was repeated. The venireman himself had not been spoken to, but his wife, his daughter or some other member of his family had been asked what was the religion or politics of the head of the house.

From the bar, twisting far back into the courtroom, stood the line of veniremen. Judge Kersten asked each if he had been spoken to in regard to the Browne trial, or if members of their family had been approached, in nearly every case it was the same story.

## WHO FOR SENATE?

### The Democrats May Hold Key.

#### Composition of Legislature Still Matter of Much Uncertainty.

#### Neither Regulars Nor L.-R. Leaguers Will Have Full Majority.

#### Spalding Made Fine Run in Legislative Districts of the North.

#### (BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO (Cal.) Aug. 17.—[Exclusive Dispatch.] With many precincts election boards throughout the State just finishing their labors, no accurate forecast can be given yet regarding the successful candidates for the Legislature, but it is quite possible that a coalition between the Democrats and the Lincoln-Roosevelt Leaguers will be able to control the House if not the Senate, in which there are twenty hold-over members.

The Democrats refrained from making any nominations in half of the Assembly Districts, with a view to such cooperation. It is regarded as likely that neither the regulars nor the leaguers will have a clear majority of both houses, and perhaps of neither.

While the Democratic minority has been small for several years, it may be considerably increased next winter by Republican dissension and there is every prospect that the Democrats will hold the balance of power between the two Republican factions.

If Bell is defeated for Governor he will endeavor to use this advantage of Republican dissension in the Legislature to elect himself senator in combination with the insurgents. If Bell is elected Governor the Democrats will be all the more ambitious. There has been close harmony between the Bell and the Johnson camps so far, but how definite or far-reaching the understanding is, remains a well guarded secret.

Spalding has carried Sacramento county with works slightly ahead of Messervie, and the San Diego has made a great race throughout the North. There will be many districts represented by Republicans, in which works does not have a majority. If Spalding stays in the race, works probably can be elected Senator without Democratic votes, and the Democrats are quite as likely to find valid excuses for not voting for him, any agreement with the League to the contrary notwithstanding. And in every district not represented by a Leaguer, in which works failed to get a plurality, the member-elect would be free under the law and his conscience to vote for whomever he likes.

There will be many new faces in the Legislature, and some of the old wheelhorses will be missing. The most notable of the latter is Grove L. Johnson, father of Hiram, Grove has taken his defeat much to heart. He was beaten by a young man named Bliss, whom the League defeated in the last days of the campaign without his desire or request. In fact, Bliss requested that the League cards bearing his name be suppressed. The League will claim him of course, but he will vote according to his own convictions. This case illustrates what happened in a large number of districts undoubtedly. When it appeared that a candidate who was running on his own merits and untainted, was likely to win, the League made haste to endorse him just before election. And for this reason, the League was defeated at the beginning of the next session, will be considerably larger than the facts warrant.

The strongest League district in this section of the State has been the eighteenth. It is represented on the State Committee by A. L. Shinn, a prominent Leaguer. There were two candidates for the nomination in that district last Tuesday, neither of them an avowed Leaguer. But the Lincoln-Roosevelt bunch endorsed the one it thought would win and he was soundly beaten by his opponent, Judge March. This is a clear loss to the League, for March was at odds with the organization, ran independently for the Superior Court two years ago and leaned toward the insurgent side. Now he naturally leans very much the other way.

Yet it would not be surprising if the League included the eighteenth district as well as the seventeenth, among those it claims to hold. These two instances indicate that the outlook for the League in the Legislature is not really as rosy as the reformers will try to make it appear. The situation means in a nutshell that if the Democrats get the balance of power as is quite likely, there will be the liveliest session within the memory of the State.

## GRAFT TRAP IS SET.

### Chicago Prosecutor Says He Is Waiting for It to Spring in Central Fraud Cases.

#### (ASSOCIATED PRESS DAY REPORT.)

CHICAGO, Aug. 17.—After a series of secret conferences in which the mass of evidence in the \$5,000,000 Illinois Central fraud cases was prepared for immediate presentation to a court, eight "informations" or warrants were drawn up last night to be served.

The men named in these documents are former officials of the road, who are credited with responsibility for the frauds. Assistant State's Attorney Barnes was ready to take up his work as prosecutor as soon as the first arrest is made.

"Several things may happen now most any time," said the prosecutor last evening. "All that remains now is the winding up of the details before the trap is sprung on the men named in the informations."

## ROOSEVELT IS UNDECIDED.

### HE MAY STAY OUT OF NEW YORK POLITICS.

#### Declares That Defeat for Temporary Chairman Gave Him Great Pleasure and That He Now Feels Relieved of All Responsibility—May Not Even Attend Convention.

#### (ASSOCIATED PRESS NIGHT REPORT.)

OYSTER BAY (N. Y.) Aug. 17.—Theodore Roosevelt may stay out of politics in New York State during the coming campaign as a result of the action of the Republican State Committee yesterday in refusing to recommend him as temporary chairman of the State convention.

Col. Roosevelt laughed today as he talked of yesterday's meeting and said that the result gave him great pleasure. He explained his attitude by saying that he felt the committee had relieved him of all responsibility in connection with the conduct and result of the campaign. He added that he had not decided whether he would attend the convention.

He is inclined to the belief that it would be better to stay away and let the "old guard" carry on the fight by itself.

## CALM FOLLOWS STORM.

### (ASSOCIATED PRESS DAY REPORT.)

NEW YORK, Aug. 17.—There was marked calm today over the troubled waters of the Republican political sea following the storm yesterday when the "Old Guard" in the Republican State Committee voted down Theodore Roosevelt's name for temporary chairman of the coming State convention.

No one was prepared to say how things would shape themselves during the preliminaries to the State convention, where the delegates after all, will determine finally who shall be the temporary presiding officer.

New York County Chairman Grismaco, who presented Roosevelt's name to the committee, says the fight will be carried to the primaries and to the convention.

That Col. Roosevelt intends, as a delegate to the State convention from Nassau county, to urge a progressive platform and candidate for Governor, is clearly indicated, politicians say this morning, in that portion of the Colonel's statement issued last night which says that a speech by him "would be of such character that it might help if the convention nominated the right man, but that it would hurt if neither the right kind of a man was nominated nor the right kind of platform adopted."

## GOOD NEWS.

### CROP MOVEMENT IS NORMAL.

#### HEAVY DRAIN ON EASTERN BANKS IMPROBABLE.

Possibilities of Stringency Feared Early in Year No Longer Felt. Those Who Have Watched Situation Closely Can See No Cause for Alarm.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Aug. 17.—Reports from the West and the Middle West now seem to indicate that the probabilities of a heavy drain on the eastern banks to pay for the crop movement are reasonably remote. From the viewpoint of the treasury, conditions that have arisen since the possibilities of a stringency were realized early in the year have contributed to the present situation.

The liquidation in the stock market, checking of farm loans by the banks of the Middle West and a general clearing of the financial atmosphere have been largely responsible.

Some time ago it was predicted that the western banks, because of heavy loans, would have to draw more heavily than usual on the eastern connections.

Fears were expressed that because of the large amounts diverted to development projects and to investments in unimproved lands in the West, the movement of money from the East to West would be greater than usual.

## LOST BY THE SPLIT.

### Too Many Republican Candidates.

#### Johnson's Plurality in State Will Foot Up Thirty Thousand.

#### Keesling Is Giving Wallace a Close Rub for the Second Honor.

#### Judge Wilbur Falls Behind Melvin for Supreme Judgeship.

#### (ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Aug. 17.—As more complete returns on yesterday's primary election are received and tabulated, the decisive victory indicated by the first figures becomes a certainty.

Hiram Johnson has been declared the Republican nominee for Governor by a plurality of nearly 30,000 over Charles F. Curry, his closest opponent. With San Francisco and Alameda counties virtually complete in the count, and returns from 1912 precincts out of the 275 outside of the bay territory, Johnson's recorded vote is 54,513; Curry, 24,545; Anderson, 30,545; Ellery, 13,334; Stanton, 14,657.

Alameda county returns changed the Lieutenant-Governor situation tonight. Francis V. Keesling now leads Albert J. Wallace by a little more than 200 votes. San Francisco and Alameda counties and 847 outside precincts give the following results for Lieutenant-Governor:

Farmer 23,500; Ferris 13,135; Keesling 23,522; Wallace 23,304.

In the advisory vote for United States Senator John D. Works is approximately 1500 votes ahead of A. C. Spaulding. The vote of Alameda and San Francisco, with 719 outside precincts, gives Messervie 23,222; Spaulding 22,248; Works 23,022.

For Attorney-General U. S. Webb has increased his lead over Frank McGowan by more than thousands. The two bay counties and 823 outside precincts give Webb 75,475; McGowan, 43,132.

Other State offices for which returns have been compiled are as follows: the totals representing the vote of Alameda and San Francisco counties and the number of outside precincts indicated in each case:

WILBUR LOCKES.  
Associate Justice of the Supreme Court, outside precincts 1087—Henry Melvin, 70,744; M. C. Hoos, 72,989; Curtis D. Wilbur, 55,771; William F. James, 17,218.

Surveyor-General, 478 outside precincts—William C. Alberger, 35,433; William S. Kingsbury, 54,453.

Superintendent of Public Instruction, 22 outside precincts—Edward Hyatt, 55,673; Allison Ware, 44,754.

Clerk of the Supreme Court, 648 outside precincts—William H. Bemis, 29,978; Frank L. Caughey, 18,402; R. H. Fitzgerald, 34,183; B. Grant Taylor, 35,900.

Secretary of State, 572 outside precincts—Frank C. Jordan, 41,742; H. S. Morrow, 10,131; Frank H. Mosser, 5290; Florence J. O'Brien, 35,497; Walter G. Wagner, 35,855.

Superintendent of State Printing, 648 outside precincts—Charles F. McDonnell, 57,923; Gratian D. Phillips, 14,155; Fred W. Richardson, 20,008; W. W. Shannon, 33,563; Carlos L. Smart, 15,191; Walter B. Thorpe, 9209.

These are all the general totals at hand, the task of compiling the results proving to be a slow one.

From other figures it is now shown that William D. Kent, opposing Duncan McKimley for Congress in the Second District has a lead of 1142 votes. The indications are that Kent will win the nomination, another insurgent victory.

In the Seventh Congressional District Stephens, the insurgent, is leading James McLaughlin by over 1000 and his nomination is conceded.

In the Fifth District E. A. Hayes, lieutenant but who was closely associated with the insurgent movement in Congress, is leading Charles Davidson by nearly 2000 in the vote from San Francisco and San Jose alone.

Virtually complete returns from San Francisco give Edward Holkin for member of the State Board of Equalization—First District, a lead of nearly 3300 over Joseph Scott, his closest opponent. For railroad commissioner, Second District, H. D. Loveland has a lead of more than 3000 in this city, over Edward A. Tingler. For Presiding Justice of the District Court of Appeals, First District, Thomas J. Lennon, unopposed, polled a vote of 30,230.

There is no possibility that a general idea of the legislative session can be secured tonight. The vote is badly scattered and the result in many districts will not be known certainly until all the precincts have been heard from.

## ELECTION BULLETINS.

SACRAMENTO, Aug. 17.—Fifty-four out of fifty-eight precincts in Sacramento give for Governor: Anderson, 125; Curry, 3021; Ellery, 64; Johnson, 318; Stanton, 25.

Lieutenant-Governor—Farmer, 1855; Ferris, 631; Keesling, 3062; Wallace, 1435.

**LAWYER FEES  
RUN UP HIGH.****Testimony Regarding Those  
McMurray Contracts.****Chickasaw's Governor Testi-  
fies at Inquiry.****Senator Gore Says He Has  
No More Evidence.**

(ASSOCIATED PRESS NIGHT REPORT.)

SULPHUR (Okla.) Aug. 17.—Attorney's fees against occupied special attention today at the hearing before the special committee appointed by the House of Representatives to investigate Indian affairs.

It was testified that J. F. McMurray, holder of the 1916 patent for contracts for the sale of \$200,000 worth of Indian lands, had many contracts with the Indians.

At the time a \$750,000 fee was paid to him for procuring the citizens' testimony, he also said it was ascertained, two contracts with the Chickasaw, which paid him \$5000 a year each and two contracts with the Cherokee which paid him \$5000 each, besides expenses allowed.

Douglas H. Johnson, Governor of the Chickasaw tribe, was on the stand most of the day. He said the Indians had become convinced that the employment of special attorneys on contingent fees was the only method of securing results.

When asked again how it was that he deposited \$75,000 to his personal account shortly after McMurray had been paid the fee, Johnson replied he never had \$75,000 in his life.

GOVERNOR'S EVIDENCE ALL IN.

Senator Gore told the committee he would have no more evidence relating to his charge that he had been offered a \$25,000 bribe to promote the McMurray contracts.

The committee today sent to Beverly, Mass., a statement of the amount of money the Indians had paid out in contingent fees in the last twenty years. It showed the total amount to be \$1,250,000. It was said the figures were for the use of President Taft.

The statement covers a period of twenty years, and embraces money paid out as contingent fees. It shows the total money so paid was \$1,250,000. Among the largest fees was \$250,000 paid by the Chickasaw Indians to recover \$1,250,000. The New York Indians paid \$250,000 to recover less than \$2,000,000.

The Eastern Cherokees paid a fee of \$750,000. In some instances the fees paid were as high as 25 per cent. of the property involved.

The request of the committee for the figures is taken as indicating that President Taft has decided to interest himself in the present investigation. It was said that Senator T. F. Gore's charges of attempted bribery.

The contracts now held by J. F. McMurray call for a total fee for the sale of \$200,000 worth of land in this state. In presenting the figures before the committee, Representative Philip P. Campbell of Kansas said:

"It is a rather startling condition of affairs that such an amount of money was paid by the Indians to American lawyers when the government itself is the guardian of the Indians."

LIST OF EXPENDITURES.

Here are some of the expenditures, which, according to Gov. Johnson of the Chickasaw tribe, were made by the Indians for legal services, most of the lawyers being employed simultaneously.

Paul J. F. McMurray's law firm, \$5000 a year, with \$2500 expenses; paid McMurray's firm another \$5000 a year at the same time on another contract; paid McMurray \$750,000 as special fee in the Chickasaw case with an expense account \$250,000; paid four other attorneys an aggregate of \$10,000 a year.

It was the belief, Gov. Johnson testified, that without the employment of so many attorneys, the Indians would have lost millions of dollars.

Gov. Johnson testified that in the sale of Indian property in Mississippi it had cost the government \$4,000,000 to sell \$2,000,000 worth of land.

COURT LACKS JURISDICTION.

FEDERAL JUDGE REVIEWS LAW.

(ASSOCIATED PRESS NIGHT REPORT.)

PORTLAND (Or.) Aug. 17.—According to Judge Robert S. Bean of the Federal Court here, the act passed by Congress June 25 appears to have deprived the United States courts of jurisdiction in all Indian matters, with the possible exception of criminal proceedings.

Judge Bean's announcement to that effect today was received with great interest, and it was pointed out that the law is of special moment to the Chickasaw, who recently have been declared to have an undue interest in Indian lands.

The fact that, under the new law, the Secretary of the Interior apparently has been granted authority hereafter vested in the Federal courts has also excited comment. Letters setting forth the contention made by Judge Bean were sent to the Congressional Committee now taking testimony in Oklahoma.

The issue raised by Judge Bean today when United States Dist. Atty. McCourt asked for decrees in a number of cases involving titles to lands in all allotments and distribution among heirs. Judge Bean declined to assume jurisdiction, citing the act referred to as his guide. He stated that he had just discovered the act among the "pamphlet law" sent out by the Department of Justice.

The act of June 25 confers on the Secretary of the Interior the right to determine to what Indian lands shall be awarded, to search out and determine what lands shall be recognized, and to whom patent shall issue, also the right to approve or disapprove the sale of any allotment.

The act is of more far-reaching effect in other Western States than in Oregon, for in Oklahoma, Colorado, Arizona, New Mexico and Montana large tracts of land are being held in trust by the government, the tribes not being able to secure titles.

DATA FOR PRESIDENT.

LAY INDIAN FACTS BARE.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Aug. 17.—The Interior Department is preparing data for President Taft in regard to the five civilized tribes in Oklahoma. The information will embrace all the facts in the department's possession relating to the lands and funds of the Indians and the amounts paid by the red men in counsel fees. The statement will cover a number of years. It is expected that the specific data will be furnished in seeking the data.

**SHOT DEAD ON THRESHOLD.****Illinois Hospital Storekeeper Is Slain  
Before Wife and Child—Murderer  
Caught.****(BY DIRECT WIRE TO THE TIMES.)**

CHICAGO, Aug. 17.—[Exclusive Dispatch.] Summoned to his front door, Daniel Cummings, storekeeper at the Cook County Hospital, was murdered today in sight of his wife and ten-year-old boy by Thomas Bent, a former friend. Cummings fell on the front steps of his house with three bullets in his body. He was taken to the County Hospital, where physicians, one of whom knew him well, tried in vain to save his life.

After the shooting his assailant fled and was captured by a fireman who witnessed the murder. Bent killed Cummings, he said, because the storekeeper caused him to lose his position as a clerk at the County Hospital a month ago.

For the last two years Bent has been searching for his little daughter, Veronica, who was kidnapped two years ago, supposedly by men who were hired by Bent mother according to Nicholas Bent, the seventy-six-year-old father of the murderer.

Bent secured possession of the child. She was kidnapped a few months after he was taken to him since then he has sought for her in vain.

**FIND MURDERED MAN IN LAKE.**

ARKANSAS CITY (Ark.) Aug. 17.—With two loads of barbed wire fastened to portions of his clothing, William Schuchert, a wealthy cattle raiser, was found laid yesterday in Isaac's Lake, fifteen miles from here. Schuchert, who was seen Friday, had \$200 in cash on his person.

**UNIQUE IDEA.****"MAN DEPENDS ON WOMAN MORE  
THAN SHE DEPENDS ON HIM."****Dr. Anna Shaw Lays Down Several Rules for Matrimony  
and Thinks Boys Should Be Provided With  
Courses in Public Schools, Including Cooking and Other  
Domestic Duties—Needs of Home Life.****(BY DIRECT WIRE TO THE TIMES.)**

NEW YORK, Aug. 17.—[Exclusive Dispatch.] "Marriage should imply mutual respect as well as mutual love. Both of the contracting parties should be able to offer a health certificate. The family income should be at least \$15 a week. No marriage should take place till at least a year after the first meeting."

These are four rules which the Rev. Anna H. Shaw would have emphasized in the course of matrimony, which she firmly believes should be compulsory for every young man and woman in the country.

"There is nothing in the world in which they need instruction so badly," says Dr. Shaw. "Girls especially are brought up to consider marriage the end of and aim of existence, and in the great majority of cases they are thrust into it totally unprepared. Many girls today do not even know how to sew and cook, to say nothing of all the more important responsibilities which marriage entails. And as for the boys—haven't they heard, they are worse off."

"Foolish idea!"

"Of course," continued Dr. Shaw, "the common idea that marriage is the consummation of a woman's life, more than it is of a man's, is also foolish. As a matter of fact, a man needs marriage and a home more than a woman. A woman can make a home for herself whether she marries or not, and she can also keep her character. A man can do neither. He needs to be married in order to be either comfortable or civilized. He needs the restraints of home life with his family to keep him straight."

"I do not mean," she added, with engaging frankness, "that naturally and originally a woman was one bit better or purer than a man. In fact, they were probably created with stronger passions, because otherwise they would not be willing to suffer their pain."

"But for so many centuries man has insisted on restraint and control in woman, otherwise refusing to give her support, that the woman has been forced to put her life in a combination of hereditary and environment, so that they are where they are, controlling influences of home and children than the men."

"But why don't more men marry?"

Dr. Anna Shaw.

Noted divine and suffragist declares men need women more than women need men, and that public schools should better prepare the younger sex for matrimony by educating them in domestic duties.

was asked, "since you say they need to so badly?"

"Poor things, they don't know what they need," answered Dr. Shaw, with compassionate smile. "They have become so selfish and they think they may have to give up some of their luxuries if they have a wife and family."

Dr. Shaw would have courses in the public schools designed to train boys for matrimony. She also advocates a course for marriage by education.

BEVERLY (Mass.) Aug. 17.—For nearly three hours this afternoon President Taft and Vice-President Sherman talked over the defeat of Col. Roosevelt by the New York State Republican Committee yesterday and the selection of Mr. Sherman over Mr. Roosevelt as temporary chairman of the Strategic convention.

Mr. Sherman said he had no intention of withdrawing in favor of Mr. Roosevelt, and he treated lightly the stories that there might be a fight in the convention to repudiate the action of the State Committee.

The Vice-President also talked with

Representative Longworth of Ohio, who has been called into nearly all the recent conferences at the President's home, was yet. The interview with Mr. Sherman today. Be Beyond Control.Thousands of Acres of Fine  
Timber Destroyed.Portland Forest Official Is  
Asked for Help.

(BY DIRECT WIRE TO THE TIMES.)

MEDFORD (Or.) Aug. 17.—[Exclusive Dispatch.] Three large fires which have broken out within the past three days are beyond control of the local forest officers and today Acting Supervisor Swain of the Crater Lake reserve telephoned the District Forester's office at Portland asking for assistance. In response, Mr. Swain received a message saying a request would be made for regulars of the army and that it was probable that they would reach Medford within thirty-six hours. It is impossible to secure men here to fight fires for the reason that every available man is employed in the orchards.

The fire on Cat Hill has burned over an area two miles long and a mile wide. This fire is practically on top of the Cascade Mountains and is now burning in some of the best timber in the district, consisting of red fir and larch, which will give five million and six million feet to the quarter section. On Back Creek a fierce fire is raging, the buildings of the Gifford ranch, owned by Deputy Sheriff William Ulrich of this city, are threatened and a hard fight is being made to save them.

The Wheeler Lumber Company owns 46,000 acres in this vicinity and L. G. Porter of that company, will start for the fire with as many men as he can hire.

The fire near Mosquito Station, thirteen miles east of Butte Falls, is still burning rapidly. The Iowa Lumber Company has sent a force of men here to fight the fire. The fire is over three miles long. Several thousand acres have been burned.

SENATORS ARE  
EASY PICKING.Thorsen Holds Them Down to  
One Faint Single.Big Heaver's Error Prevents  
Sure Shut Out.Locals Show Fans Very Near  
Triple Steal.

Los Angeles, 8; Sacramento, 2.

Even though the fellows they did not vote for got the most votes, some of the American Citizens—who did not stay out of bed all night to learn how badly they had been beaten—went out to the ball game yesterday at Chavez Park and had the pleasure of forgetting some of their troubles in seeing a triple steal by the Angels.

This was the big feature of the game yesterday that opened the Sacramento series and yet the fans hardly appreciated it as its true value for it is such a rare thing in the Coast League. There had been too much election news the previous night probably and the fans were possibly a little too much surprised at some of the late lamented events to create much excitement over this daring business.

It came to pass in the third inning and as a result of it second baseman Shinn made such a roar over the ruling at the plate calling the front runner safe that umpire Finnerly hurried him out of the game and also called Charley Graham off the kicking line at third base and later off the field.

With Daley out, Nourse walked both Bernard and Howard and then soaked Dillon with the ball. With the bases loaded and Murray at bat, the signal was given and as Nourse slowly wound himself up to pitch, Bernard, Howard and Dillon jumped away from their bases. By a fast spring Bernard reached the plate from third and slid under Spiesman before the ball could be handled by catcher Howard and Dillon naturally advancing to third and second.

Finnerly called Bernard safe and Shinn roared so much over what he thought was a crime against civilization that he was sent off the grounds and Charley Graham also put in the clubhouse for howling over the same decision.

These were the principal incidents of the contest and the performance of a new senator pitcher named Blynn who took Nourse's place in the middle of the fourth inning when he was knocked out of the box. This Blynn looks good and should make one of Graham's best heaves for he has a little of everything in the way of curves, change of pace, and speed. He fanned Howard twice and Daley once and but three hits were made off him.

STARTED RIGHT IN.

As a game it was not much for the locals went to Nourse hard and often in the fourth but Blynn helped him out in time to prevent more than five runs.

Thorsen was at his best in the pitching line for he gave them but one hit, and while he made an error and walked two men he was never in danger. Three men reached first base in the first inning and two got to second later on passes, but the visitors were helpless before such heaving.

In fact, if it had not been for Thorsen's fumble of a sacrifice grounder, no run would have been scored off him, and the one hit that Boardman got might have been saved. Shinn opened the game with a grounder to Hallinan which he juggled and Thorsen a moment later booted Van Buren's bunt toward first base. Heister sacrificed and Perry stole second. When Shinn heaved the ball far over first base, Daley stole third and scored on Howard's long fly to center. In the second with two out, Delmas doubled to left and Waring to right and the locals got another easy run. The third run came in the third and was due to passes to Bernard and Howard. Dillon's hit by pitcher and that triple steal that scored Bernard.

Delmas opened the fourth with a hit to left. Waring walked and Thorsen fanned. Daley beat a perfect bunt that rolled toward third base, Boardman made a wild throw off the ball to catch Delmas. Bernard doubled to right center and Howard hit to left. Four runs had scored by this time and Nourse was taken out of the game.

The first thing Blynn did when he went into the game was to walk Dillon and then Murphy worked the sacrifice squeeze play and scored Howard. There was nothing doing from that time until the end of the game, for Blynn settled himself.

For the first time in the history of the local park, the game did not begin until 8:30 o'clock, owing to the non-arrival of the Senators, who had been delayed in Fresno county by a wrecked train about the one they were on. The fans took the delay good-naturedly.

Recognized from Grand Stand and May Be Fined for Violating Rules of National Commission—Danville Team Ordered to Show That Flinger Was Not Cub's Man.

[ASSOCIATED PRESS NIGHT REPORT.]

WILKESBARRE (Pa.) Aug. 17.—William L. McCollum of this city, president of the Susquehanna League, has received charges that Pitcher Floyd Kroh of the Chicago Nationals has pitched for Danville of the Susquehanna League against Bloomington last Saturday. He assumed, it is charged, the name of McCalla, and is charged as a pitcher by that name from Cobby County, who was being given a tryout by Danville.

He won his game easily by the score of 5 to 1, and showed such proficiency that his cleverness was remarked.

In the grand stand, recognized him. Mrs. John Mears of Chicago, who was in the grand stand, recognized him.

It is charged that the Danville management secured Kroh in Philadelphia, where he was suspended for misbehavior.

President McCollum has given the Danville management twenty-four hours to prove that the stranger pitcher was not Kroh.

## [ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 17.—[Exclusive Dispatch.] It was a long time coming that shutting down of the brakes on the sliding Seals, but when it did come about, it fell with an awful thud upon the Hooligans. The Seals' batting eye had been found again and a double, together with three singles, coupled with some fancy base-stealing, made the score 5 to 0. Once found, Schaffer was cleaved hard, and to prove moreover that it was no mistake, the Seals gathered four more in the eighth.

Harry Sutor was working in grand shape. He fanned ten in grand slugging, taking Coy into camp on the four different occasions that he faced the pitcher.

The Seals broke the ice liberally in the fourth. Madden was out when Mohler hit a grounder to third that took a bad bounce as Burrell was about to gather it in. A drive to the right-field fence by Jimmy Lewis put Mohler on third, and both men scored when Tommy Tennant hit to center for two bases. Rodde put the ball into left, advancing Tennant and, with Vitt out on a pop fly, the two base-runners executed the double steal. Tennant scoring. Rodde did not even stop at second, for the throw from the plate was 2-2.

Perched on third base watching developments, Ping saw Stovall holding the ball in center and he made a wild dash toward home. Stovall tried to retrieve himself, but Ping made a Kellerman at the plate and landed safely, scoring the fourth run.

The seventh proved another eventful inning. Nick Williams opened with a two-bagger and McCardle was hit. Sutor fanned Madden, sacrificed and both men sailed as Mohler hit into left. A single by Lewis assisted Mohler to third and he scored on a wild pitch by Schaffer. Tennant's single a grounder through the infield to right, scored Lewis.

The boats in the hands of the Regatta Committee, which is at liberty to apply whatever handicaps they think the different boats ought to have, from their showing made in previous races. Handling will be an important factor in deciding the race. If the Regatta Committee is successful in awarding the handicaps evenly, the boats are at some disadvantage, since they require a larger trained crew to wind up or take in the big racing kites with any show of speed. The Wigwag and Mah-per, during the racing so far this season, have come in for more criticism than any of the other boats. On the other hand, some of the smaller craft have been handled wonderfully well. The work on the two thirty-eight-footers, the Mah-per and the Albatross, has been very good.

Morgan Adams has at last got together the necessary large crew for the "Mop," which he thinks is going to stick. That means that the big handled vessel will be able to add another race to her list. Already there has been a noticeable change since the beginning of the season; the Mah-per crew has begun to show its training, and the criticisms that were heard freely only a short time ago are dying away.

The Wigwag, however, will be handicapped during the season with a green crew. That is, the men on the yawl are unfamiliar with the location of the buoys and the arrangement of the racing rigging, and the way in which the various sails should be set in order to draw to best advantage.

IT TAKES TIME.

These are things that cannot be learned in a single hour or a race. It takes time for even an old sea-man to learn a new boat well enough to handle her skillfully in a race. On the Wigwag there are in this regatta only two men who have ever sailed on her before—her owner, Frank Hay, and one other. For pinch work, Hay has been compelled to hunt about for extra crew to bring the big yawl into the water. The men on the Mah-per are familiar with the boat, but they are not familiar with any part of the racing game.

Despite the relative merits of the various craft grow more spirited with every day of racing. Popular opinion gives the Mah-per the distinction of being the fastest boat in the fleet. The reason given is because Adams has had as yet only poor success in hitting the Mah-per in the opinion of many the Mah-per should finish in spite of her handicap. The power cruiser has lines that more than make up for the handicap which the two-stay sail plan puts on her.

The Albatross is an unknown quantity, as she is evidently not yet tuned up. The opinion gains ground every day, however, that she will never be a very serious competitor of the other class boats. She seems to be very tender in a light breeze, with her hull and area, in spite of the twelve tons of ballast which she is reported to carry, and then reefed down in a heavy sea, has as yet shown only a particular burst of speed. In a brush yesterday with the Wigwag, when both boats were on the same spinnaker, the Albatross was out to out and outpoint the big yawl.

Among the smaller boats the Albatross is getting away with nearly all the praise, though Warren Wood comes in with a favorable comment on his work with the Albatross. A boat that has only been in commission for ten days, the Santa Barbara racer has stretched unusually well, and now steers beautifully for so new a rig. Leach has her ways quickly, and handles her with consummate skill. While her boat is just about the most of the Albatross, as yesterday's race showed, she will have little trouble in getting away from the Albatross when her time allowance is taken into account.

The Albatross is really a large and powerful boat as the Albatross I, but is still closer to the universal rule, which favors the boats for the Albatross. In this regard the Albatross is really a smaller edition of the Mah-per. With good handling the Albatross, which receives a good handicap from the Albatross, may be a factor in the Q racing for some time to come.

AMERICAN WINNERS.

CLEAN UP HONOR RACE.

[ASSOCIATED PRESS NIGHT REPORT.]

MARBLEHEAD (Mass.) Aug. 17.—Leaving the Spanish yachts hopelessly astern, the three American boats turned the first International Sander yacht contest today into an intensely exciting race of their own, with the Albatross leading 12 seconds ahead of the Beaver, but losing on account of a fouled turning mark.

Two seconds after the Beaver came the Albatross, but the committee had to wait eight minutes for the Chonta, the first of the foreigners, thirteen minutes for the Papoose and eighteen minutes for the Mosquito II.

The race was over a triangular course, two miles to the leg. There was an eight to ten knot northeast breeze, with a light sea.

The official elapsed time follows:

Boat	Time
Albatross	2:02:24
Beaver	2:04:44
Chonta	2:10:44
Papoose	2:11:33
Mosquito	2:16:27
Mosquito II	2:21:54

Disables Big Titles.

NEW YORK, Aug. 17.—Jockey Shillineau has received a handsome offer to ride for the Albatross in Europe next year. Shillineau says he prefers to remain here and ride for S. C. Hildreth.

## BOWLING SCORES.

## REGULARS FAIL TO CAST VOTES.

MANY OF THEM STAY AWAY FROM THE POLLS.

Combined Vote of Stanton, Curry, Anderson and Ellery is Over Two Hundred and Sixty More Than That Cast for Johnson—Measures Get Good Support.

(BY DIRECT WIRE TO THE TIMES.)

SANTA BARBARA, Aug. 17.—(Exclusive Dispatch.) With the returns in from 42 of the 43 precincts of this county the vote shows a large falling away from the regular Republicans. However, this may be accounted for by the fact that not over fifty per cent of the voters went to the polls. In the returns from the outlying precincts the lead of Kirby had been reduced to an even 100 votes. Following are the returns on the State ticket: Governor, Anderson 425, Curry 220, Ellery 27, Johnson 404, Stanton 230, Lieutenant-Governor, Farmer 478, Ferris 233, Keating 230, Wallace 235; Assembly Justice of the Supreme Court, James 488, Melvin 707, Shaw 237, Wilbur 681; Secretary of State, Jordan 448, Morrow 148, Mouser 108, O'Brien 237, Wagner 427; Controller, Mattison 461, Ry 184; Treasurer, Williams 1282; Attorney General, McGowan 487; Webb 1010; Surveyor General, C. ## RIVERSIDE COUNTY.

## CLOSEST RACE FOR SHERIFF.

WILSON HAS A SLIGHT LEAD OVER COBURN.

Raymond Coo Nominated for Superintendent of Schools, Evans for District Attorney, Maguire for Assessor, Dickson for Coroner and Polkinghorne for Administrator.

(BY DIRECT WIRE TO THE TIMES.)

RIVERSIDE, Aug. 17.—(Exclusive Dispatch.) Riverside county vote on Governor, with but five small precincts of sixty-three yet to hear from, stands: Johnson 2072, Stanton 722, Anderson 684, Curry 224, Ellery 19; for United States Senator, Spaulding 1274, Works 58, Mouser 421; for Congressman, Smith 1700, Kirby 1023. On the county ticket the closest race was for sheriff. Thus far Wilson has a lead of 12 votes over Coburn. Figures are: Wilson 1771, Coburn 1759. Fitch, for clerk, has plurality of 623 over Jacobs. Raymond Coo is non-nominate superintendent of schools by 2100 against 1181 for Houghton. Montague is nominated for Assessor, Lyman for District Attorney, Dr. Dickson for Coroner and Polkinghorne for Public Administrator. Successful candidates for Supervisor are McVicar, Holmes, Crane and Davidson. On other county officers there was no contest.

## SAN DIEGO COUNTY.

## HOME VOTE IS NOT ENOUGH.

KIRBY THOUGHT THAT HE HAD SMITH BEATEN.

But His Majority in San Diego is Not Sufficient to Overcome That of the Congressman in Other Counties—Works Falls Far Behind Johnson—Other Results.

(BY DIRECT WIRE TO THE TIMES.)

SAN DIEGO, Aug. 17.—(Exclusive Dispatch.) Johnson's plurality in San Diego county will not exceed 200. Kirby, who thought he had Congressman Smith beaten, has given up the fight. His majority in San Diego falls short of enough to overcome Smith's in other counties. Senator Wright is sure of reelection over Siano from the Eighth Senatorial District. Judson, Lincoln-Barnard ticket, candidate for Assemblyman, has a lead of 200 in this county over Mansfield. Spaulding will carry the county by more than 2000. Following are the returns from fifty-three out of ninety-five precincts: Governor, Johnson 1467, Anderson 714, Curry 224, Stanton 722, Ellery 19, Lieutenant-Governor, Farmer 485, Ferris 233, Keating 230, Wallace 235; Assembly Justice of the Supreme Court, James 488, Melvin 707, Shaw 237, Wilbur 681; Secretary of State, Jordan 448, Morrow 148, Mouser 108, O'Brien 237, Wagner 427; Controller, Mattison 461, Ry 184; Treasurer, Williams 1282; Attorney General, McGowan 487; Webb 1010; Surveyor General, C. Alberger 624; Kingsbury 729; Clerk of Supreme Court, Semler 228, Chaughy 421, Fitzgerald 198, Taylor 518; Superintendent of Public Instruction, Hyatt 511, Ware 571; Superintendent of State Printing, McDonald 337, Phillips 148, Richardson 774, Shannon 174, Smart 81, Thorpe 179; Justice of the District Court of Appeals, Frank F.
